Date: _____ Team Change Form Site: _____

Move a Child	Add a Volunteer	Child Name	Original Team Number	New Team Number	Volunteer Name & Position	Volunteer Team Number	Reason

To use this form, simply check the box for what you want to do (either move a child to another team, add a volunteer to a team, or both move a child as well as add their parent as a volunteer) then fill in the name of the player, what team she/he is currently on, then which team you're moving her/him to. Also list the full name of the volunteer associated with this child (if applicable) so we can be sure to link them in the computer. If you are just adding a volunteer to a team without moving the child, check only the "add a volunteer" box, then fill in the name of the child, what team she/he is on, and then the name of the parent and what team they should be assigned to. Don't forget to specify whether the volunteer will be a coach or an assistant coach!! **Always remember to get a volunteer application form from ALL volunteers and to get player medical registration forms for ALL players!!**
